## Commencement Exercises In West Reynoldsville High School

### Good Programs Carried Out Thursday and Friday Evenings.

The commencement exercises of the West Reynoldsville high school held in the public school building in that borough on Thursday and Friday evenings of last week were very interesting and there was a good attendance both nights. Two rooms on second floor of the new school building can be thrown into one room, making a large and pleasant audience room, which makes it possible for the high school of West Reynoldsville to hold commencement exercises in their own building. Good programs were arranged for both nights and those who took part did nicely.

Class day exercises on Thursday evening the following program was rendered: Song, "Sunset Peace;" recitation, Margaret Leech; reading, Linn Johnston; recitation, Irene Small; duet, Meta Herpel and Helen Hoch; recitation, Twila Small; reading, Harold O'Donnell; recitation, Meta Herpel; duet, Helen Hoch and Meta Herpel; reading, Twila Anderson; class prophecy, Helen Hoch; song.

#### Requires More Than Admiration.

Admiration alone will not run a newspaper. Sooner or later such admirers will find that the object of their affections has become welded to other ways that they do not admire—in other words, a newspaper is compelled in order to live, to seek the friendship of those who are not so platonic in their love, but unto that practical esteem with sentiment that binds mutual admiration to other professions. There are too many men who expect an editor to slave in defense of their pet notions and hobbies, advocate their views against the strongest opposition, and coolly withhold newspaper support by which alone a small newspaper can live.—Punxsutawney Republican.

#### Penn's Relief Department.

Some idea of the extent of the work which is done by the relief departments of the Pennsylvania Railroad System is gathered from a report issued May 31st which shows that during the month of April, 1910, an average of \$6,600 a day was paid to members unable to work, and to families of members who died. Since the relief departments for both the lines east and west of Pittsburgh and Erie were established, some twenty-four years ago, the sum of \$28,292,503.91 has been paid out in benefits.

#### WANT A SQUARE DEAL

Claim Langham is Entitled to Second Term—Why?

Some of the newspapers that are supporting Hon. J. N. Langham for second term for congress talk of a "square deal in politics" and that "Langham should receive, without a contest, that to which he is 'clearly entitled.'" Just so! Major Beale represented this district one term in Congress, and was just as good a representative as J. N. Langham, and if accorded a "square deal in politics" Major Beale should have been given the nomination two years ago without a contest because he was "clearly entitled" to it, but did Mr. Langham and his friends take that into consideration, and give the Major a "square deal?" Not much. Mary Ann Langham wanted to go to Congress and the just claims of another man were not considered at all. Langham and his henchmen ruthlessly tore down the "clearly entitled" fences two years ago and Gen. Harry White has gotten into field and is now giving the congressman from this district a hustle for the Republican nomination for congress.

As Mr. Langham was one of the principal actors in destroying the two term custom in this district, he is no more entitled to the nomination this time than any other man, and when the voters of this district are given an opportunity of nominating a better man than Langham, then we say they should do so and for that reason Gen. Harry White is being boosted by old soldiers, young soldiers and other men who want him to be the next congressman from the 27th district.

#### The County Institute.

County Superintendent Jones announces in the papers of the county his intention of holding the annual institute in Reynoldsville this year, breaking the time honored custom of taking the institute to the county seat. One of the reasons for the change is the fact that there is no accommodation at Brookville in the way of a suitable place to hold the sessions and entertainments. Reynoldsville is getting the institute because the business men of that town went after it and they guaranteed the proper inducements of looking after the comforts and needs of the patrons of the meeting. The Record believes that Superintendent Jones is taking the proper course in the matter, and he is deserving of commendation rather than censure for his action. We believe that the county institute should be passed around to the towns in the county that would be willing to accommodate the needs of the patrons, and now that the time worn precedent is broken, it is hoped that the superintendent in charge will give the passing around idea a fair test.—Brookwayville Record.

#### S. TAYLOR NORTH'S REPLY.

Does Not Recall Having Been Invited to Attend Local Option Convention—Now a Question of Veracity.

Editor STAR:—A communication printed in last week's Brookville Republican and signed "A Local Optionist," says: "The claim is made by S. Taylor North and his supporters that he was not notified that there would be a meeting of the Anti-Saloon League at Brookville on April 18, 1910" and then quotes a letter from C. C. Benscoter, Esq., of Brookville, addressed to the chairman of the Anti-Saloon League of Jefferson county, in which an effort is made to impeach my veracity.

Mr. Benscoter says in his letter that he met me in Brookville on April 12, and invited me to be present at a meeting of the Local Option League of Jefferson county in Brookville on the following Monday.

I did meet Mr. Benscoter, as stated, when he informed me that the pulpits of the Brookville churches would be filled by speakers in the interest of local option on the following Sunday, and, in a casual way, added: "North, you had better come over." But to the best of my recollection nothing whatever was said about a local option convention on the following Monday, or any other time.

My impression, from the general circumstances and the actions of those who apparently sought to use the Local Option League as a cloak to hide their own selfish interests and ambitions, was that a studied effort was made to exclude me from their councils, and I have seen nor heard nothing since to cause me to change my opinion. S. TAYLOR NORTH, Punxsutawney, Pa., May 27, 1910.

#### ONLY A PAID ADVERTISEMENT.

Gen. Harry White's Candidacy Is Not a Joke—He is a Live Candidate.

A paid advertisement in the Pittsburgh Gazette-Times on Monday, without the earmarks of an advertisement, was published for the purpose of creating the impression that Gen. Harry White's candidacy for congress was not being given much consideration by the voters of the district and that the present incumbent would receive the nomination almost unanimously. After the votes have been counted the story will be different. Gen. White is a real live candidate and there is certainly a surprise in store for some of the politicians of this district. Don't let any one persuade you that Gen. White is not a strong candidate.

## Fire Swept Through Soldier Last Night

### Number of Dwellings Burned And Hotel had a Narrow Escape.

At seven o'clock last evening fire broke out at Soldier and before it was gotten under control by a bucket brigade and coal company's private water system, five houses were burned. The hotel, Methodist church and other buildings were threatened, in fact for a time it looked as if the entire town might be wiped out.

A fire company from DuBols came as far as Reynoldsville, but the fire was under control when the company reached here and the train did not run on to Soldier.

The loss is estimated at about \$4,000, covered by insurance. The houses were owned by J. S. Hammond and John Reed of this place.

The occupants of the houses lost about \$1,000 worth of household goods and did not have any insurance.

Fire is supposed to have started from a defective flue.

#### DECORATION DAY OBSERVED.

Sunday School Scholars Marched With Old Soldiers to Cemetery.

Had there been five or drum or brass band to thrill the people with patriotism, the observance of Decoration Day at Reynoldsville would have been complete. A large number of scholars from various Sunday schools, including forty-five members of Rev. J. F. Black's Sunday school class, formed in line and marched with the old soldiers to the Reynoldsville cemetery where the customary G. A. R. ceremonies were carried out. Dr. Russell A. McKinley delivered a splendid address, full of fervor and patriotism. The Sunday school scholars decorated the graves of the old soldiers this year. Heretofore the strewing of flowers on soldiers' graves was done by the soldiers and Sons of Veterans.

There was a large crowd in the cemetery this year.

#### Decoration Day in Beechwoods.

A large crowd of people attended the Decoration Day ceremonies in Beechwoods on Monday. Lawyer Clement W. Flynn, of Reynoldsville, and Dr. H. G. Teagarden, of Punxsutawney, were the speakers this year. There is no other country place in this section, perhaps in Pennsylvania, where so many people assemble to observe Decoration Day as in Beechwoods.

The memorial sermon on Sunday was preached in the Beechwoods Presbyterian church Sunday afternoon by Rev. Hill, of Brookville. Prof. Smith, of Reynoldsville, sang a solo at this service.

Do your eyes need care? I will visit Reynoldsville June 10th, and Brookville June 11th. Everything needed for testing the eyesight. Glasses if needed.
